CHAPTER 1

WELCOME TO WEB DESIGN

Web design Evaluation

July   **November**

17 Weeks

10%   15%   30%   45%

🥇 OBJECTIVES FOR TODAY 🥇

✔ **Why** do we create web pages ?

✔ What is a **web page** and what is the **HTML** file ?

✔ How to display a HTML file on **browser** ?

10 MIN   TEAM 2   FREE DISCUSSION

Select 1 of those web site

https://www.w3schools.com/

https://www.amazon.com/

https://www.unicef.org/cambodia/education

Answer those questions

1. What do you think about these web sites ?

2. How do you feel about these web sites ?

3. Why companies always have a website ?

4. What do you expect of a website ?

HTML is the language to create web pages

HyperText Markup Language.

You can make links
from one page to
another

HTML language
Is based on TAGS

You first web page

15 MIN   1

✔ Open VSCode

✔ Create a file **page.html** with following content :

```html
<html>
 <head>
     <title>HTML lesson 1</title>
 </head>
 <body>
     <h1>My first page</h1>
     <p>Hello WEP 2023 students!</p>
 </body>
</html>
```

✔ Open this file on your web browser.

You first web page

15 MIN   1

✔ Compare your code with the result on the browser and answer questions:

- Where is the *content* of : `<title>, <h1>, <p>`   ?

- What is the *meaning* of : `<title>, <h1>, <p>`   ?

✔ Check on Google :

- What is **HTML language** ?

- What does **HTML** *means* ?

What is a HTML **TAG** ?

<title> HTML lesson 1 **</title>**

Start tag

End tag

Tags tell the **browser** about
the **structure** of your **HTML**

🕐 👤

10 MIN   1

Draw the final result on your book

```html
<html>
    <head>
        <title>PNC page</title>
    </head>

    <body>
        <h1>Welcome to PNC</h1>
        <img src="pn_logo.png"></img>
        <p>
            This is my paragraphe. <b>I like it</b>
        </p>

        <h2>Friends</h2>
        <p>
            I have 2 friends : Anne and Ben
        </p>
    </body>
</html>
```
Write it on paper

pn_logo.png

CLASS

What is the meaning of each tag?

```html
<html>
    <head>
        <title>PNC page</title>        1
    </head>

    <body>
        <h1>Welcome to PNC</h1>        2
        <img src="pn_logo.png"></img>        3
        <p>
            This is my paragraphe. <b>I like it</b>
 4                                  5
        </p>

        <h2>Friends</h2>
        <p>
            I have 2 friends : Anne and Ben
        </p>
    </body>
</html>
```

PNC page   1

× +
